Jennifer Walters was a shy attorney, good at her job and quiet in her life, when she was gunned down by criminals. A gamma-irradiated blood transfusion from her cousin, Dr. Bruce Banner, A.K.A. the Incredible Hulk, didn't just give her a second chance at life, but also super-strength and bulletproof green skin--and unbelievably gorgeous hair. She is the Sensational...

She- HULK

Previously...

Jennifer Walters--otherwise known as She-Hulk--had been helping previously presumed dead fellow Avenger Jack of Hearts. Jack showed up on her doorstep with his powers depleted and no memory of how he'd survived the event that should've killed him. Jen agreed to help him unravel the mystery--even though being near Jack could be dangerous for her. Back when he still had his powers, Jack accidentally drained and destabilized Jen's gamma radiation. As they worked together, the two became close friends--and then more than friends.

Eventually, they discovered that Jack had been kidnapped and his powers stolen by April and Mark Booth, brilliant scientists who had tried to replicate Jen's combination of brains, beauty, and brawn in themselves--with disastrous results. Believing Jen held the key to their cure, they captured her, intending to use Jack's powers to sap her gamma radiation. As she fought back, Jack arrived to help her, but he had to reclaim his powers to do so. The power surge overwhelmed him, and while Jen was distracted, April and Mark made their escape. And Jack... Well, things don't look good for Jack.

A comic book panel depicting a somber scene. She-Hulk, with her green skin and long black hair, stands in the center. She wears a red blazer over a black top and a large gold ring on her right hand. Her expression is one of grief, with tears visible on her face. She is looking down at a man lying on the ground. The man, Jonathan "Jack" Hart, has brown hair and is wearing a white shirt and a red tie. He is lying on his back, looking up at She-Hulk. The background shows a city street with damaged buildings and debris. Two speech bubbles are present: one from She-Hulk saying "This is my fault, Jack..." and another from Jack saying "I should have known how this would end up."

**JENNIFER WALTERS,
SHE-HULK.** Brokenhearted.

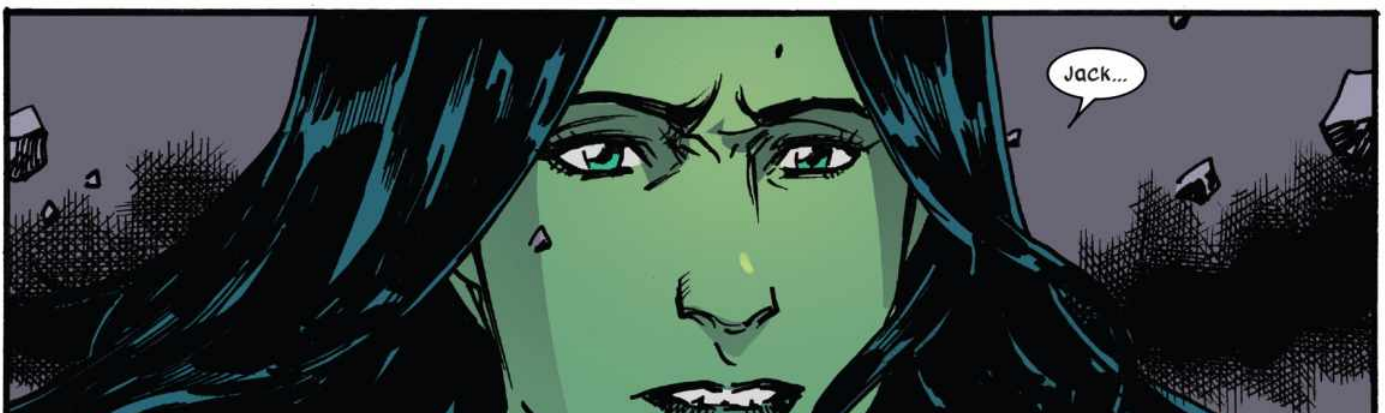

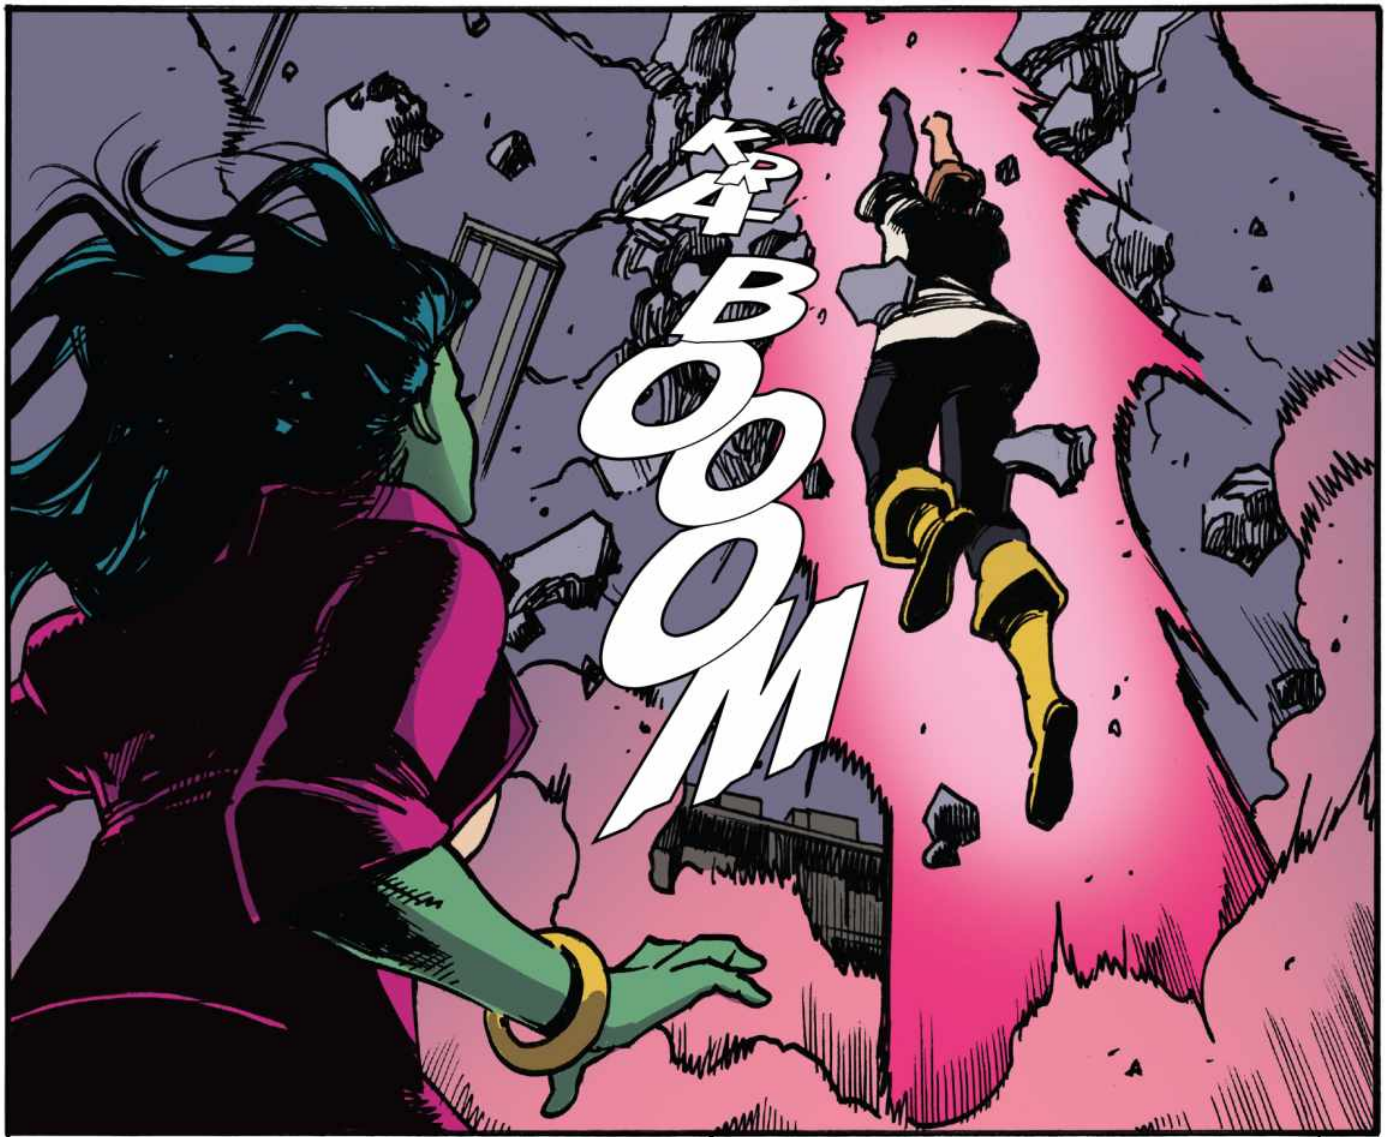

This is
my fault,
Jack...

I should
have known
how this would
end up.

**JONATHAN "JACK" HART,
JACK OF HEARTS.** Broken.

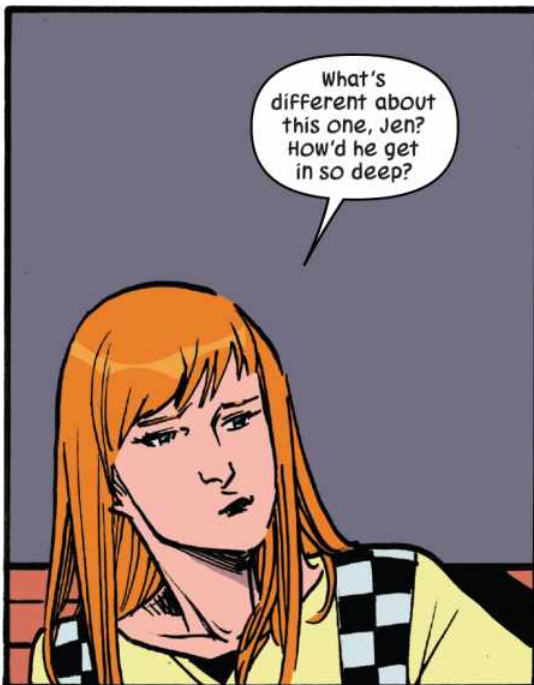

A FEW MINUTES LATER...

Okay, where were we before I interrupted you...

You were telling me about the-- still-at-large!--mad scientist who stole your blood and sucked out your gamma.

I got distracted by the man in tights, sorry. I *always* get distracted by men in tights. Especially when they have glowy eyes...

So, what's the plan?

=Groan=

I don't know. I've been waiting for Bruce to call me back.

Pfft. Jen. We can't wait for the fifth of never! The last time Bruce showed up for you was when you needed a blood transfusion.

We've got to track this April person down PDQ, before she makes another appearance on her own!

=sigh=

I love you, Patsy Walker.

I hope
it's okay that
I let myself
in.
